

VIRTUAL FALL TECHNICAL SESSION

October 17th, 2020
10AM-12PM
Zoom Meeting

Keynote Speaker: Murray McGregor

Murray McGregor runs one of the largest beekeeping operations in Scotland: Denrosa Apiaries. He has approximately 4000 production colonies, as well as a bee and queen breeding unit, making 1000 young colonies annually for stock replacement. He also raises approximately 2000 queens in the specialist unit.

Please RSVP by October 15th, 2020 to: coordinator@agricommodity.ca or 902-893-7455

A Zoom link for the meeting will be emailed on October 16th, 2020 to registration list only
